**Saving Away For A Rainy Day** doesn't mean you need to start with big actions. The first small step is usually the hardest, but once it's taken, you can use momentum to propel you forward. This year's theme for National Credit Union Youth Month is.....

**"Save Away For A Rainy Day."** We want to tell young members that they have the power to save for their future, no matter how big or small the amount.

**CORNER STONE CREDIT UNION** has tools to help fulfill this power. With a youth savings account that earns compound interest, young members can deposit small amounts on a regular basis and watch their savings grow for the future. The earlier they start a savings account, the more it will grow, and the easier it will be to achieve their dreams. Learning this good financial habit at a young age will set them up on the path of successful financial well-being.

If you have been wondering how to SAVE FOR THAT RAINY DAY, National Credit Union Youth Month is a great opportunity to start! Join us this April as credit unions across the country encourage youth to start saving regularly. This celebration is a great time to engage kids at **CORNER STONE CREDIT UNION** and within your community to help them learn that saving, no matter how small the amount, can help them achieve their dreams.
